DISCLAIMER:

This report, and the data contained in this report (collectively, the "Data"), is being provided to you pursuant to the terms of an agreement (the "Agreement") by and between you and Vickers Stock Research Corporation ("Vickers"). The following includes a summary of certain provisions of the Agreement and certain other disclaimers.

The Data is the valuable intellectual property of Vickers. You shall not, and shall not authorize any employee to, copy, download, store, reproduce or further transmit or distribute (each, a "Distribution") any Data. You may not use any Data as the basis for any money management or investment advisory services (including, but not limited to, any managing of any fund or account) that you provide to any third party. Any unauthorized Distribution or use of any Data is a violation of the Agreement and is prohibited. Upon termination of the Agreement, you must promptly destroy all stored Data and all copies thereof.

Neither Vickers nor any third party supplier guarantees the accuracy or reliability of the Data. Vickers and certain other parties will not be held liable for any loss or damage, direct, indirect or consequential, suffered or incurred by you or any other person or entity arising out of any fault, interruption or delay in any Data or out of any inaccuracy, incompleteness in, error or omission in any Data, however such faults, interruptions, delays, inaccuracies, incompleteness in, errors or omissions arise, or any decision made or action taken in reliance on any Data.

The Data is not an offer to sell, or a solicitation of an offer to buy, any security. The Data is for general information only and does not specifically address individual investment objectives, financial situations or the particular needs of any specific person. Investing in any security or investment strategy discussed in the Data may not be suitable for you and it is recommended that you consult an independent investment adviser. Nothing in the Data constitutes individual investment, legal or tax advice. Investments involve risk and an investor may incur either profits or losses. Past performance should not be taken as an indication or guarantee of future performance.
